EDUCATION

Chaitanya Bharathi Institute of Technology (CBIT)

Bachelor of Engineering in Computer Science and Engineering; **CGPA: 9.05 / 10.0**

Hyderabad, Telangana

Aug. 2024 to July 2028

Sri Chaitanya Junior College

Intermediate, Maths, Physics, Chemistry (MPC); **Percentage: 98.6%**

Hyderabad, Telangana

April 2022 to May 2024

TECHNICAL SKILLS

CS Core Subjects: Data Structures, Database Management Systems (DBMS), Digital Logic Design, Data Analysis and Algorithms

Languages: Core Java, Structured Query Language (SQL), Python, C, C++ Basics, JavaScript (ES6+)

Web Technologies: React.js, Node.js basics, Express.js, EJS (Embedded JavaScript), HTML5, CSS3, REST APIs

Developer Tools: Git, GitHub, VS Code, PostgreSQL, Jupyter Notebook, Google Colaboratory, LaTeX, Terminal/Bash

Soft Skills: Cross-functional Teamwork, Growth Mindset, Inclusive Leadership, Analytical Thinking

EXPERIENCE

Academic Tutor, IIT Foundation

Brain Hub

July 2025 to Present

Hyderabad, Telangana

- Tutored secondary school students preparing for the competitive JEE foundation curriculum in Mathematics, Physics, and Chemistry.
- Deconstructed complex problem-solving methodologies and strengthened core conceptual understanding through structured practice sessions.
- Monitored individual student performance analytics, designed custom assignment sets, and conducted targeted doubt-clearing workshops.

PROJECTS

Learning Management System | *Node.js, Express.js, PostgreSQL, EJS, HTML/CSS, SQL*

[GitHub](#)

- Built a full-stack Learning Management System supporting role-based access control (RBAC) for administrators, instructors, and students.
- Implemented dynamic course creation, student enrollment management, and secure session authentication workflows.
- Developed dynamic server-rendered UI pages using EJS templates seamlessly integrated with a Node.js and Express.js backend.
- Designed and optimized relational schemas using PostgreSQL, ensuring efficient indexing for user credentials, course catalogs, and enrollments.

Personal Developer Portfolio | *HTML5, CSS3, JavaScript*

[GitHub](#) | [Live](#)

- Engineered a high-performance editorial portfolio site with custom responsive grids and WCAG AA accessibility compliance.
- Built class-based dark and light theme switching with persistent local storage synchronization and smooth keyboard-accessible navigation.
- Integrated dedicated Privacy Policy and Terms and Conditions pages, an active contact workflow, and an ATS resume download system.

Todo List Application | *Node.js, Express.js, JavaScript, EJS, HTML/CSS, REST APIs*

[GitHub](#)

- Developed a task management application enabling users to create, update, complete, and delete tasks through a responsive interface.
- Built the modular frontend using HTML and Embedded JavaScript (EJS) components to provide a responsive user experience.
- Implemented backend RESTful endpoints with Node.js and Express.js to maintain application state and business logic integrity.

HONORS & LEADERSHIP

National Examination Merit: Secured **98.6 Percentile** in JEE Mains Examination conducted across India.

State Engineering Ranks: Achieved **Rank 1689** in TS EAPCET and **Rank 2345** in AP EAPCET.

Intra-College Sports: Secured **Second Place** in the college-level carroms league tournament.

Esports & Teamwork: Placed in **Third Position** in inter-college level Free Fire tournaments in Hyderabad as a squad of 4.
